

# Quality comes first

H J Lea Oakes have a milling heritage that stretches back to 1675, so naturally we know a thing or two about feeds.

All H J Lea Oakes feeds come with the assurance that they are made under the Universal Feed Assurance Scheme.

# Ewe Feed

## Ewe Nuts

Oil - 4.75% Protein - 18.0% Fibre - 13.5%  
Ash - 9.0%

(only available in bulk)

## Ewe Gold 19

Oil - 5.0% Protein - 19.0% Fibre - 7.5%  
Ash - 8.0%

## Super Ewe Extra Nuts/Rolls

Nuts analysis: Oil - 5.0% Protein - 18.0%  
Fibre - 10.0% Ash - 8.0%

Rolls analysis: Oil - 4.75% Protein - 18.0%  
Fibre - 10.0% Ash - 8.0%

## Allrounder 18 Nuts

Oil - 4.75% Protein - 18.0% Fibre - 13.5%  
Ash - 9.0%

(can also be fed to cattle)

Although these feeds are not particularly suitable for growing or finishing lambs they are ideal for ewes during key periods of the production cycle such as flushing, late pregnancy and lactation.

The benefits of providing the correct nutrition during these key periods are well known and include, amongst others; improved fertility, increased prolificacy, reduced metabolic disorders, increased lamb vigour, increased milk production and lamb growth rates.

# Ram Feed

## Heritage Coarse Ram Mix

Oil - 5.0% Protein - 18.0% Fibre - 7.0%  
Ash - 7.5%

This highly palatable coarse mix is made from top quality feed ingredients and is the perfect option for feeding to rams in the important period prior to tupping. When fed at 0.75kgs this mix will adequately maintain optimum condition score and will provide the necessary boost to health and fertility prior to rams entering their busiest period of work.

# Lamb Feed

## Supreme Lamb + NuStart Pellets

Oil - 4.5% Protein - 18.0% Fibre - 9.0%  
Ash - 8.0%

The ideal creep feed to get your lambs off to a flying start. Manufactured as a 4mm pellet, this feed is designed to be fed from two days old. Contained as standard is the unique gut conditioner NuStart which has been proven to assist in rumen development and to significantly boost early intakes. Supreme Lamb is the perfect choice for finishing in intensive situations early in the season. (25kg bags & bulk)

## Prime Lamb Finisher Nuts

Oil - 5.0% Protein - 16.0% Fibre - 9.5%  
Ash - 7.5%

A specialist lamb finishing diet particularly suitable for older lambs which have been on a high forage diet but need that extra boost for finishing. At 16% Protein, this energy dense diet is perfect for complimenting grazed grass.

## Aston Lamb Starter/Finisher Pellets

Oil - 4.5% Protein - 17.0% Fibre - 9.5%  
Ash - 8.0%

More extensive flocks will often feed the long established favourite of many Lamb Starter/Finisher Pellets from lambing to slaughter. This highly palatable 4mm pellet is trusted by many to correctly grow and finish lambs of all categories. (25kg bags, 750kg totes, bulk)

- 
- Above 450g/day (finishing level of feeding) change to two feeds per day.
  - Feed in conjunction with high quality forage and other feedingstuffs up to 60% of the dietary dry matter.
  - Clean water should always be available.
